Chapter Mailing List - Email Communications

The **BetterInvesting Space Coast Chapter** has established a chapter Email list, to get information to the clubs and members about training classes and other helpful chapter events. Contact links will be provided for private replies, comments and questions on club operations and accounting which will be promptly answered.

Space Coast Chapter attempts to register all members with known Email addresses so they may receive these important communications, which will be infrequent. If you are not receiving communications from us through SpaceCoast-Chat, please write to us below, and we will sign you on.

List Administrators for SpaceCoast-Chat:
